

“Walk with Joy” SEN Support Services

Mission

We believe that every child is unique and has different potentials and needs. Through a cross-disciplinary collaboration among different professionals, we provide individualized training plans to children with special educational needs. We hope to walk with children and parents joyfully and accompany every child to grow up happily.

Objective

- To provide assessment and early intervention on children’s development needs.
- To strengthen children on their social, emotional and cognitive development and to improve their speech & communication abilities and fine & gross motor skills.

Target Service Group

- Children aged from 2 to 12 years old who are diagnosed / suspected with special educational needs (SEN) and their parents

Scope of Service

- Child assessment
- Individual and group training
- Speech therapy services
- Occupational therapy services
- Special child integration training
- Sensory integration

Team of Professionals

- Clinical Psychologist
- Speech Therapist
- Occupational Therapist
- Special Child Care Worker
- Registered Social Worker
